REMINDS THE UNITED STATES GOVERNMENT I WILL
TOTALLY ELIMINATE THIS NATION PERMANENTLY IF YOU
DO NOT DESTROY BILL GATES PHYSICALLY**

Bill Gates employed US War Power In My Deep Interior and I am organic. These are both (a) against the United States Law, as breach of Blood Meta is a criminal offense and (b) Treason against the United States of America, since I have legitimate American papers and had immigrated to America at 13.

I want the United States of America to immediately destroy him physically punishing him for both (a) and (b) above. My natural right of Life is threatened and I will eventually die if you do not destroy him *physically*. I know this. You know this from many considers.

If you fail to (a) comply with your own charter, which includes US Declaration of Independence Preamble that states that it is your purpose to secure natural rights of Americans, including myself, (b) refuse to understand the obvious, that Bill Gates is a death-worthy criminal who is not just a threat to myself but also to at least 100 million Americans as he had revealed to high government officials himself in meta that he intends genocide to the non-white population of America, I will proceed to delegitimise and nix the United States of America as I will not consider you a legitimate enterprise at all and will be compelled to proceed to extinct the United States of America altogether.

1. PLAY BY PLAY

United States Government has allowed this evil Bill Gates to cut into my physical body meta and destroy my ethnic meta which was necessary for sustaining my health and life. There can be no more vile natural rights breach imaginable. So until you secure my natural rights by *physically destroying Bill Gates* which is the only way to secure them you are not legitimate as a government by US Declaration of Independence Preamble. I am forced, therefore to nix the United States of America by force of logical deduction since I do not want a nation to exist that will do this to their people at all on Earth.

You have been warned many times that you, the United States Government are not in compliance with your fundamental organisational charter *unless you physically destroy Bill Gates*. You have not heeded these warnings.

FEBRUARY 27 2022 11:03 PM ZULFIKAR MOINUDDIN AHMED REMINDS THE UNITED STATES GOVERNMENT I WILL TOT

The United States Of America *cannot and will not* be allowed to exist if the government will allow war crimes by totally evil genocidal maniacs who are deceptive charlatans and who believe that is their right to do these things being harboured in this country.

Thank you,
