WONDERS ABOUT THIS

ZULFIKAR MOINUDDIN AHMED

United States Government,

Hold on, is this is competition with Stimpy?

Look, I have to nix the nation immediately. I have never actually contemplated the degenerate stupidity required to be running the United States Government when I was younger. You're not going to be able to run a Republic government in a million years. Why didn't you wipe out Bill Gates when he breached my Blood Meta instantly? You are the greatest threat to people's security around the world including in American homeland, ok?

Date: April 5, 2022.

I can't have this. You did not wipe out a serious threat to the natural rights of 100 million people when you learned about it. Who the fuck in their right minds will want to trust you?

1. LET ME TRY TO EXPLAIN TO YOU ONE MORE TIME

Look, the fictional character *Bill Gates*, you know the one with anecdotes about his entrepreneurship and computer genius and innovation, all that is pure deception. This character is more fake than any Bruce Willis cat in the movies. This fictional character with television interviews and documentaries is *imaginative fiction* and you were deceived into thinking that the man whose face you know is this character.

Reality is that the real Bill Gates was a conniving slimy racial supremacist with plans to harm and destroy non-white people and enslave them. He was a creepy ultra-Nazi cat with lifelong dreams of ruling the world sunk in dystopia. This vile disgusting criminal white supremacist and total charlatan without any talent in coding or mathematics or philanthropy was all there ever was. You were dumber than Stimpie all along and you were fooled by the fiction. But the trouble is that I got hurt, and so America will have to be nixed. It's all fine and dandy till Zulf gets hurt. Once I am hurt it's Game Over.

2. EXCRUCIATING PHYSICAL PAIN FROM BILL GATES MANGLING OF MY BODY META

United States Government why did you not wipe out this Bill Gates when he breached my blood meta and body meta? He is a Demon he does these things all day. Why did you not ensure my natural rights are secured? My body is in severe pain with mangled body meta deliberately arranged. Why should anyone pay taxes to keep paying your bills United States Government Employees if you do not secure natural rights of people which is Constitutionally mandated *even when repeatedly demanded in writing*. What good are you?

3. I AM SUPERIOR TO BILL GATES OBVIOUSLY

Bill Gates differs from white people and nonwhite people both in being an evil malevolent Demon. I have shown with measured data that Universal Human Moral Nature is ethnicity independent. United States Government consider found that Bill Gates had destructively invaded my personal meta and used *hard meta* in my physical body which constitutes War Crimes. He also harmed my Romantic, Ancestral and Family meta without any right or provocation.

You see my father, Khondkar Miran Ahmed, an aristocrat of many millenia was Victorian England-influenced. He was well regarded before his death around 2002 as exceedingly gentle man. Promethean virtues included Gentleness and I am quite proud of my Aristocratic lineage.

Bill Gates keeps repeating "I am white" as though all white people are Evil Demons like him. There is no chance for that because around 99% of white people will find his moral decisions and actions in my meta as inscrutable as most non-whites. He is a Demon who would like to believe that all white people are as *Evil* as he is. This is not the evidence. Around 70-75% of Americans are Christians and they do not use Black Magic but Bill Gates has gravitated to using harmful Black Magic from his teenage years. He is not following any white people's norms; he is a Demon.

4. UNITED STATES GOVERNMENT IS NOT IMPRESSING ME AT ALL

Look, United States Government, this is not a "dispute" between myself and the malignant malevolent evil Demon Bill Gates. My natural rights were guaranteed by United States Government. My physical body is in continuous discomfort and I have sporadic pains and my American Dream and legitimate earnings are disrupted by the deliberate effort of Bill Gates to destroy my life. It was your Constitutionally mandated duty to prevent these things and destroy the malevolent criminal. You have been allies with this malevolent evil criminal for decades. You will have to face judgment on yourself for this insolence. Don't pretend you are an innocent party here.

Thanks,

Zulfikar Moinuddin Ahmed
