

**UNITED STATES GOVERNMENT LET ME LAY THE CARDS
ON THE TABLE BECAUSE YOU ARE TOO STUPID TO
UNDERSTAND**

ZULFIKAR MOINUDDIN AHMED

First of all, I did not move to America to harm the country. I came to America because my mom thought it would be a good idea and I would prosper and I have believed in America. I am truly impressed with the founders' dream of a Republic of laws, based on natural rights protection. But I am sorely disappointed with how you have allowed one of the worst cunts in the entire human history, Bill Gates, who is now pushing forward with his plan to enslave and domesticate nonwhites, harm me without eliminating him. Why would you do that to me?

Rest assured that after Asia takes full stock of the harm that Bill Gates has done to me, they will be enthusiastic to consider America to be (a) totally barbaric because no poor country in South America, Africa, or Asia would allow an evil malevolent criminal like Bill Gates to live at all after he cuts into another man's eye and devastates his life and career, and instead of wiping out the murderous thief and robber and criminal, assists him. No one would do that, and no one will *ever consider America anything but purely barbaric*. No civilised nation will do that and so long as you do not amend these problems right away, I will personally vouch to all of Asia that you are not running any civilised nation at all.

Second, United States wiped out Natives and has been continuously creating wars and problems in Asia from 1945. Now you might think you have all sorts of Star Trek weaponry but I can guarantee that if Asians really understood that you're totally lying about natural rights and all that jazz, and considered the harm you have done to an Asian Immortal Genius, i.e. myself, I can guarantee that Asians will feel it necessary to totally wipe out America with huge amounts of nuclear weapons to save their own future. You're a serious threat to the whole world, and America is far less important than Asia, which has 4.5 billion people and *literally invented Civilisation*. No one wants a country that is sham civilised causing wars and problems and destruction all over the world and lying about natural rights. They will wipe out the United States and you will retaliate and hurt them badly. Then they are 4.5 billion and recover and United States is 330 million and will be ghosts.

I want you to clearly understand the situation, because Bill Gates is continuously in my meta plotting enslavement, conquest and other rubbish. No civilised nation on Earth allows this. Go to France. Go to England. Ask, "Hey, do you think you would tolerate a billionaire worthless scumbag who is constantly plotting enslaving and domesticating all sorts of people, or do you think that you would wipe him out to ensure you have reputation of being civilised?" I dare you just go and ask.

You will be amazed at just how far from civilised norms you are in United States Government.

I won't keep repeating this warning. Shape up and eliminate Bill Gates pronto. Or face total nuclear Holocaust sooner or later. Asians, I assure you are quite sick and tired of constant wars harming Asian people's peace and lives all the time because barbaric genocidal tendencies of United States. Clean up your act, United States Government.

This is my ranking of Character Strengths and Virtues. If you look you will find that Honesty is ranked third, not first. Love is ranked higher. This is quite accurate assessment of my values too. I do think Love (for all Humanity) is one of the few things more important than clinical Truth-telling. I am willing to lie if there is need. For example, I might not ensure a Nuclear Destruction of America and renege on it if there are reasonable remedies and say "I lied about this and changed my mind."

2. HOW STUPID ARE YOU EXACTLY UNITED STATES GOVERNMENT?

I keep hearing US Government Officials ask over and over and over and over and over and over and over the same stupid thing: "Why would you do such horrible things to this man's meta?"

UNITED STATES GOVERNMENT LET ME LAY THE CARDS ON THE TABLE BECAUSE YOU ARE TOO STUPID TO UNDER

How stupid do you have to be to reach the end of the rope. The answer is as obvious as bright and clear day. Bill Gates does these things because that is his *nature* and he's been doing these things from his childhood and that's his lot in life. Kindly wipe him out immediately. You have not even seen the devastation and ugly things he has done because "He's not white. He's not white." The world never needed this vile disgusting rotten evil slimy son of a bitch living at all from 1955. Why do you ask stupid questions like braindead morons. It's like asking a rabbit, "Why did you hop and hop over the grass?" What sort of idiotic morons do they hire in the United States Government anyway? What do you mean why? People do what their Character demands. He can't stop at 66. Just wipe him out because he harmed me tremendously so you will have to pay for it, and he threatens harm by plan for billions around the world and hundreds of millions on American Soil.

Kindly read the instructions of what your job is in US Declaration of Independence and secure American people's Natural Rights. Did you at least read the instructions of what your job is at least once in your life? Why do I have to do everything around here? Why don't you give me the \$1.1 trillion of taxes you collect and I'll fix up this nation in six months. Jesus Christ!
