WARNS UNITED STATES GOVERNMENT**

United States Government,

The option of totally wiping out all of United States with nuclear holocaust if you do not wipe out Bill Gates physically is still on the table. You're going to push this to the very limit? That's alright with Zulf. Zulf does not give a damn.

Bill Gates had been harming my eyes all last night, and various people have said they have never seen anyone in the world whose eyes are so harmed as mine. I have justification to nuclear holocaust the entire United States of America already. Good work, United States Government.

**1. UNITED STATES GOVERNMENT BETTER CHANGE VALUATION OF PEOPLE  
RIGHT NOW**

United States Government wrongfully considers Bill Gates more successful than Zulfikar Moinuddin Ahmed. I am an honest man, and my successes are far more important and profound than Bill Gates successes. I have singlehandedly overthrown all of modern physics including eliminating of gravity, black holes, and Big Bang. I have overthrown quantum theory of Schroedinger and relativity theory of Albert Einstein with my Four-Sphere Theory. I have discovered Universal Human Moral Nature.

Bill Gates was a born psychopath and career murderer and charlatan without a college degree. He's a con man who made money by criminal murder alone.

When a nation reveres Bill Gates and considers him more valuable than the Zulfikar Moinuddin Ahmeds of the world, then it is only a matter of time that the nation must perish.

The time has come for reckoning, and your mistakes will lead to a total destructive nuclear holocaust of the United States of America.

**2. AMERICAN CLOUT IN ASIA HAS BEEN EPHEMERAL**

After United States used atomic bombing of Japan, the string of aggressive wars with self-inflicted wounds began, starting with Korea, then Vietnam, then Iraq and Afghanistan, and in every single case United States did not produce any clean victory and did not hold on to any vassal states at all.

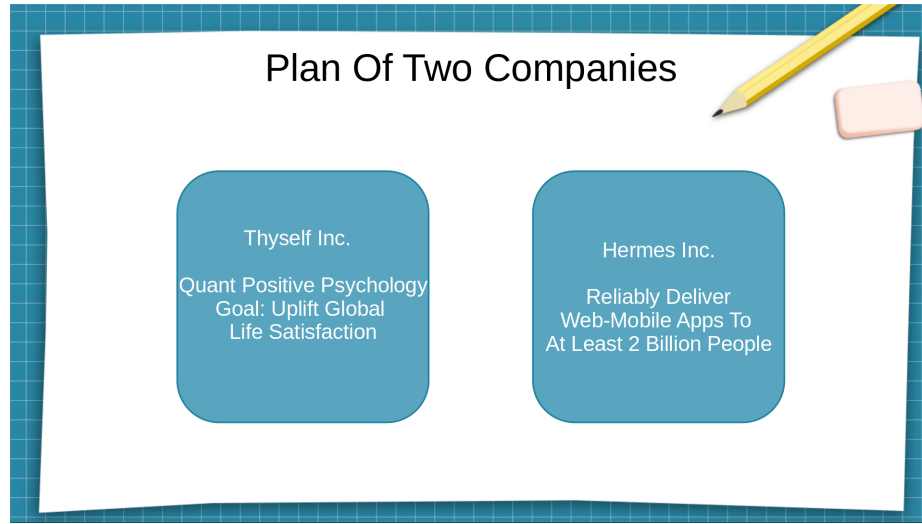

I am changing the whole dynamic by seeking unified military defense of all Asia. United States is extremely unwise to consider Bill Gates to be so valuable as to allow natural rights and destruction of American Dream for myself, who has long lineage in Asia. You will not just regret it, but might have to do the regretting

in Kingdom Come rather than on Earth in the end. You should respect Asian-Americans and our natural rights. We have seen a great deal of your behaviour. During the Second World War our Japanese-American brothers and sisters you put in Concentration Camps. We forgave you still, but you are testing our patience now.

### 3. A PLAN FOR TWO SAN FRANCISCO COMPANIES

We want to develop some apps for Web-Mobile and deliver services to at least 2 billion people reliably.

If you use cloud services the cost is astronomical.

If you use something other than Meteor it is almost certain that software is to unwieldy.

The companies do not exist yet. Thyself Inc. is registered with EIN available, but Hermes is still hypothetical. The plan is based on the goals of two sister companies being independent but their co-operation is essential to our major goals.

I don't want the psychologists to worry about technology and vice-versa; I do not want the technology professionals to worry about psychology for smooth execution of their respective purposes.

I love the name Hermes for the technology company of our great vision because it is just right, for Hermes is the messenger god from Olympus, and captures deeply the goals of the technology delivery vehicle here. The name will keep the spirits of all the people who will be professionals operating the company buoyant.

Thank you,
