WARNS THE UNITED STATES GOVERNMENT**

ZULFIKAR MOINUDDIN AHMED

United States Government,

Bill Gates is a monster whose creation is totally your responsibility. You lie so much to the American people that no one believes anything you declare as true without concrete solid proof. So you say you will make a public statement declaring Bill Gates to be a dangerous war criminal and ask young girls to keep away from him. Where is it? I want to see actual public evidence. What do you take me for, United States Government? I am not your fool. You lied to start the Vietnam War. The Gulf of Tonkin incident was a self-inflicted wound. Then you lied to the whole world when Israel conducted a sabotage operation and blamed 19 Muslims who were not even in the planes. Then you began wars that were planned in Washington sans any regard for any Al-Qaeda, and you're still lying about it. I am no fool. Tell the world what you have to tell them. If I see something impressive, I will let you know. Otherwise, I am not alone in thinking that you cannot be trusted at all. You are pathologically incapable of telling any truth. It's a pity, really. United States of America was a great dream of great men. It's a pity you can't live up to the great dream.

Look, the rot that is destroying America is in you, United States Government. You are destroying this country. Otherwise you would have destroyed Bill Gates immediately when he breached my Blood Meta. You are not preserving anything worth preserving. You are supporting the worst monsters in the world, and America will rot from the inside and collapse not because of any Islamist terror threat but because of your moral depravity. Don't blame external enemies; you are responsible for the collapse and dissolution of a country that had great hopes in 1776.

1. BILL GATES IS INFERIOR! BILL GATES IS INFERIOR!

This idiotic moron Bill Gates has put in enormous power to tie my mind to his hair follicles. The moron thinks his hair follicles are dead. I want United States Government to destroy this piece of trash immediately and compensate me for horrible pains and discomforts due to his white supremacist experiments with illegitimate powers mostly because of your faults. Why didn't you bomb and destroy this worthless piece of turd whose mind is the equivalent of dead hair follicles more than a year ago when he breached my body, then when he damaged my exoskeleton? Why do you think United States of America ought to exist? Don't you think the world would be better if United States of America were dissolved so some other organisation replaced it competent to secure my natural rights along with other inhabitants of this land?

Date: April 4, 2022.

2. UNITED STATES GOVERNMENT ARRANGE MY \$620 MILLION FROM FINANCE

United States Government, I don't want bullshit from you. I am owed \$620 million from D. E. Shaw & Co. (\$120 million) and ECB (\$500 million gift). Then I am offering 40% of my Thyself Inc. for \$80 million. Why don't you put all this money obstructed by War Criminal Bill Gates into my bank right away? Why do you lie so much? I want all this fixed up right away before I get relocated in a project housing without any future at 48.

Do this right away otherwise I will make you pay a lot more for letting a war criminal hurt me.

Thank you,

Zulfikar Moinuddin Ahmed
