WONDERS WHY US GOVERNMENT HAS NOT TOTALLY
DESTROYED BILL GATES YET**

ZULFIKAR MOINUDDIN AHMED

United States Government,

For more than a year Bill Gates had been using illegitimate powers to disrupt the life, American Dream, and all other aspects of my life. My brother is now in the care of the government and attempting to find a group home. My mom is very sick and everyone in my family is waiting for me to get my income for living. Why is this criminal Bill Gates still not totally destroyed. You have an obligation to secure my natural rights and ensure that there are no obstructions by malevolent criminals like Bill Gates from my free exercise and peaceful unmolested life in the United States. Why is this malevolent criminal Bill Gates continuously chanting racial slurs and harming me while you do nothing to destroy him totally?

US Nobel Prize winners have already agreed that he ought to be destroyed for his war crimes and obstruction of my income. Kindly please do your duty and destroy Bill Gates immediately.

whose work on Universal Human Moral Nature and Aristotle's Virtue-Eudaimonia is transformative for the entire human race while this jerk does nothing but plot harm and destruction and enslavement with \$131 billion acquired through destroying other people's interiors, who invades blood meta of nonwhites and has beliefs like Hammurabi was white and walks around with feces in a jar in public. I am obviously talking about Bill Gates. What sort of country are you running. Get rid of this monster immediately.

Thank you,
