EXPLAINS TO UNITED STATES GOVERNMENT THE
PROBLEM IN YOUR THINKING**

ZULFIKAR MOINUDDIN AHMED
ZULFIKAR.AHMED@GMAIL.COM

I hear "United States Government is caught between a rock and a hard place" regarding destroying Bill Gates with lethal military force immediately for war crimes against my person violating international law as well as United States law which he began in 2019 with his assault to me.

Let's pool these under 'Bill Gates has been busy constantly in vile death-penalty worthy crimes all his life and is plotting genocide of non-whites in America deceiving the world regarding his intentions.'

Then you *believe* that he has positive contributions to the nation. This, I will submit is a massive error. I will assure you with every sense and knowledge and wisdom I have acquired in 50 years that this man, Bill Gates, has *never ever had any positive contributions to the nation at all that is real*. He is a born psychopath and I will guarantee that deeper investigation will reveal that all his so-called contributions were false. He was never a hard worker in his entire life and was a charlatan to the core. He has no coding abilities whatsoever and deflects queries about code sample with 'trivia trivia'. He has had no positive contribution to America or the world from 1955 to this very day. He's a total charlatan, does not have any other skills than murder by power, pathological lying, and his achievements are all fake propaganda.

You, the United States Government, have been deceived about his contributions. He's a total worthless trickster and criminal who even lied about his SAT score, and does not have any intellectual genius whatsoever.

I will be happy to nix the entire United States of America if further time leads to greater harm to my life. You have colluded with a genocidal racial megalomaniac against me, and I will be merciless in totally erasing United States of America from existence if you continue to defy US Declaration of Independence Preamble and disrupt my Life, Liberty and pursuit of Happiness with false and fake claims about so-called 'contributions' of this vile disgusting feces-in-a-jar carrying malevolent, tasteless, savage, horrible son of a bitch *Bill Gates*.

You better become less confused about the issues, United States Government. My patience is not infinite. You are an illegitimate government when you collude with a racial murderer against a law-abiding Asian-American pursuing his legitimate American Dream and you dare to tell me that this miserable wretched peasant-born son of a bitch who is worthless and never had any talents at all beyond lying pathologically about his great nonexistent talents to you is valuable to the nation.

Date: March 2, 2022.

1. ZULF'S PREDICTION

United States Government is not serving my interest that is Constitutionally mandated at all. You have asked Bill Gates to move out of my meta for more than a year. He has refused every time claiming 'conquest rights' and other nonexistent things. The only way that you have to come to compliance with US Declaration of Independence Preamble is to destroy Bill Gates by physical military lethal force because you cannot convince myself *at all* that you have made reasonable efforts to secure my natural rights.

Once again, my papers are perfectly valid.

Let me remind you that delaying doing the right thing here is going to cost you the entire nation and not just embarrassment. You see constitutional multi-ethnic classical liberal democratic republics do not survive when the corruption is at the level of the foundational charter. This is not embezzlement or some minor issue.

This is natural rights issue where the offender is literally a war criminal who boasts about how many people he killed by his power methods. You are not dealing with a simple deviation. You are dealing with the right of United States of America to exist. Do not be deceived by the stakes of this case. You will find that the nation is erased from history permanently if you make errors here.

2. YOU ARE FOOLS UNITED STATES GOVERNMENT

You were always gullible to deceptive charlatans like Bill Gates who are malevolent psychopaths with pathological lies about how productive they are, and who sold third rate menial products with murder and destruction as a way of life for decades while you believed their bullshit.

But your foolishness does not end there. You dare to allow this miserable wretched scumbag, total menial illiterate hick harm Zulfikar Moinuddin Ahmed, the greatest scientific genius in the history of Earth, expecting that you will get away with it. Well that is not happening. I, Zulfikar Moinuddin Ahmed, will totally erase the United States of America as just and fair punishment for your insolence.

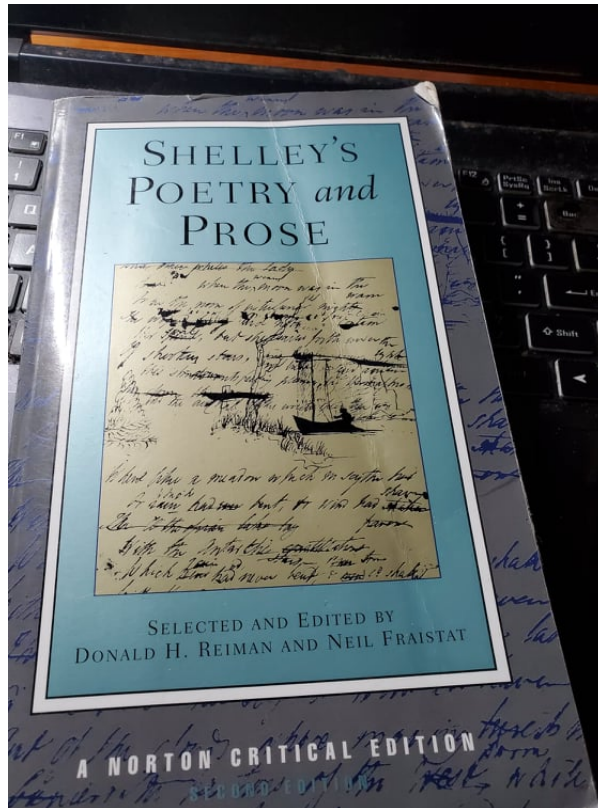

3. THAT IS YOUR BEST BET US GOVERNMENT

If you actually relentlessly bomb Bill Gates and verify that his physical body is destroyed, I will be forced to back off from totally erasing United States from history because I will not have solid ground to do so. But if you do not destroy him physically I will consider it not merely self-interest but a *duty of a great Conscience* to nix the United States of America because I do not believe a nation that does not physically destroy a megalomaniac traitor with ambitions of ruling the world with dystopian plans for non-white people including genocides and slavery ought to exist on Earth.

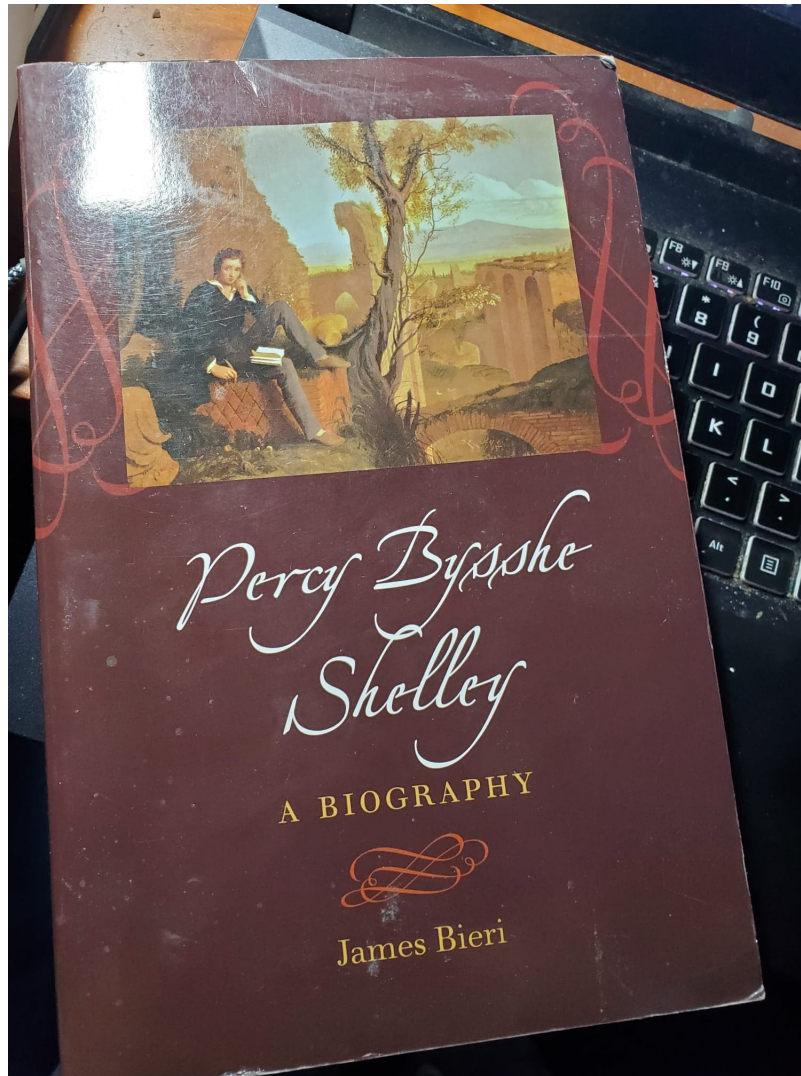

4. I AM A REPUBLIC SPIRIT

I am a great devotee of Percy Bysshe Shelley, whose Prometheus has always been a great inspiration for me as a Republic god. Shelley's life, as you know, was 1792-1822 and he was born right after the French Revolution. He was the greatest of the English Romantics, and I have great admiration for his viewpoints. So I am not interested in challenge to United States of America as a Multi-Ethnic Classical Liberal Democratic Republic. But obviously I will not tolerate a *sham Republic*, a Republic where Lady Justice has been reduced, and where criminals like Bill Gates with interest in Global Monarchy with illegitimate exercise of powers to harm people, with sabotaging lives and earnings of Americans like myself are tolerated by our government. Bill Gates ought to be instantly destroyed physically for the sake of preservation of our Republic which is threatened by these sorts of murderous racial criminals. He does not even belong living among human beings. He is a brutal savage beast who is infinitely worse than the Nazi butchers of Auschwitz. Destroy him immediately with lethal military force.

I have been studying Shelley's works since childhood.

Let's see. There are two biographies I have somewhere. Let me show you.

I do not believe that one really understands a genius by biography and Percy Bysshe Shelley was a profound immortal genius, so for me biography is just a way to honour his memory.

The positive vision of the expression of the inner light all people have to share to the world, as M. H. Abrams' potent metaphor of the Lamp rather than Mirror suggests for the Romantics has still not been fully exhausted. I carry the torch of this great man, and am proud to consider him a predecessor, a kindred spirit to my own. He was a blessing for the Human Race, just as *Bill Gates* is a pure curse.

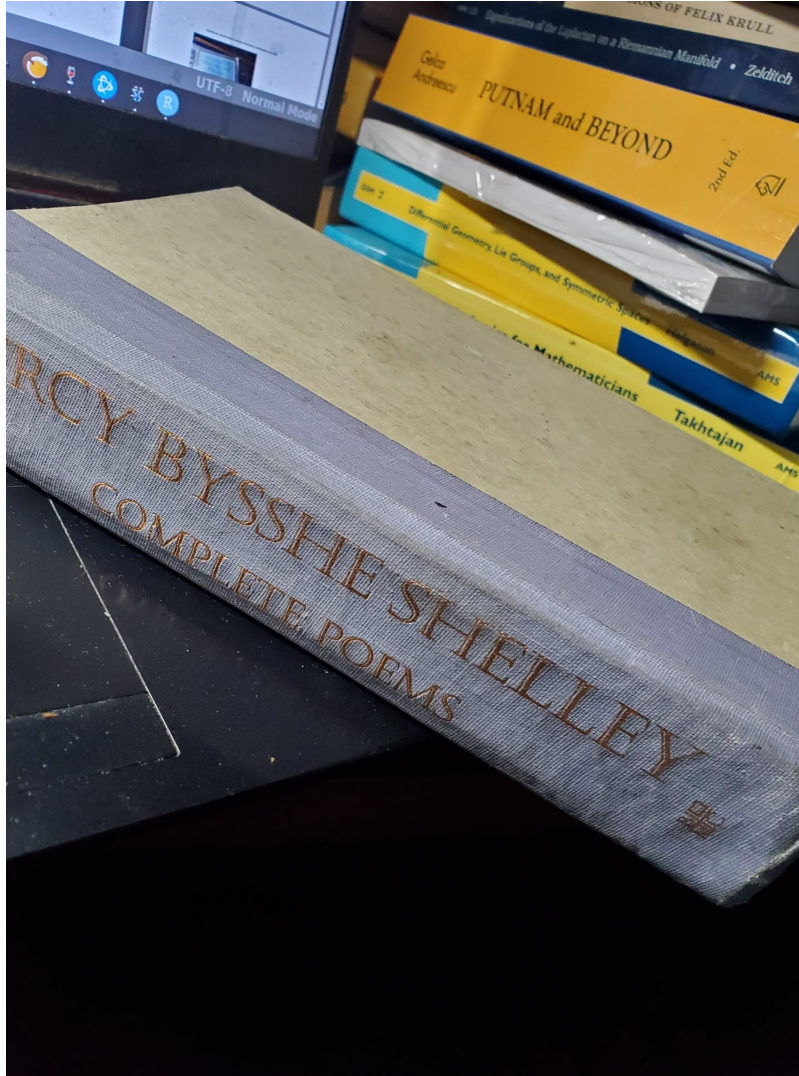

5. UNITED STATES GOVERNMENT DESTROY BILL GATES IMMEDIATELY HE IS
ZEALOUS RACIAL MURDERER

Look, how many white people on Earth can compete with me on knowledge of Shelley, seriously? At Yale for much of twentieth century, people could not get tenure if they studied Shelley for having 'bad taste'. I have been studying Shelley

since I was seven, already in Bengal, before I moved to New York at 13 in 1987. How many white people, tell me. I don't think it will exceed 1000 white people out of 780 million worldwide. I know a great deal about Shelley and his art because I am Zulfikar Moinuddin Ahmed, not because I am brown.

Bill Gates stupid ethnicity-based views are not just horribly stupid, but extremely dangerous because he is a mass murderer by habituation. He has been destroying lives and killing people since an early age. He is too stupid and illiterate to contemplate.

Let me show you another Shelley book.

This copy I bought for \$7 on Valencia and 20th Street in San Francisco. In one of the beautiful bookstores there I don't remember the name. They always had sales of interesting books outside. Shelley is not as popular at all in the current age. But for me he was always a part of my own life and soul.

You see I am not passionate about chess. My rating is not great and large numbers of people of all ethnicities are better than me at it. But I am very good at Shelley, and you won't even find Professors of English Literature who will know Shelley better.

That's how people are. We are defined not by our ethnicity but our passions and Character. Moronic stupid disgusting vile scumbags and savage brutal illiterate hick ignorant criminals like Bill Gates will not be doing anything valuable for anyone. People like myself are superior. We are serious productive honest people.

6. UNITED STATES GOVERNMENT YOU WILL BE CHARGED \$1.5-2 TRILLION FOR FAILURE

You see, I intend to hold you, the United States Government, for all damages to my life, and those are far worse than you can contemplate because Bill Gates cut into my Blood Meta, destroyed *huge and important* parts of my Deep Interior and vandalised it totally, and destroyed my Family and Ancestral Meta, using US War Power and US Industrial Power. You might wish you had dissolved the entire nation.

You are socialising with the glib genocidal megalomaniac and showing him all the American Laws that he has broken instead of enforcing punishments for the violation. You think this is funny, eh? I'll show you funny. By the time I am done, if United States of America is not nixed you will *wish* that it were nixed it's going to hurt American Government coffers so badly.

7. BILL GATES VIOLATES AMERICAN CRIMINAL LAW REPEATEDLY

Bill Gates is totally delusional and not even aware that he is not the Monarch of the country and so he violated American Criminal Law routinely. He invaded the Deep Interior of an organic man, myself with US War Power and US Industrial Power to damage me irreparably and had continued his harmful considers deliberately and repeatedly every minute since 2019. These constitute War Crimes by UN Human Rights and UN Security Council considers, and United States will be nixed rapidly if my Deep Interior and my life in America, my Health is not restored. He obstructed \$620 million of my legitimate income from Finance and he also is obstructing tenure offers from Stanford and Harvard.

8. VISIT TO PSYCHIATRIC NURSE-PRACTITIONER WITH JASMINE SACKY

Jasmine Sackey from Lifepath and Mike took me to the nurse practitioner. They want to ensure I take Invega and Trazedone, but I am not delusional. I am physically quite aware of the illegitimate exercise and invasion of my meta by Bill Gate breaking United Nations Human Rights Law, a hundred different United States Law by Bill Gates. Invasion with US Industrial and US War Power in the Deep Interior by Bill Gates is a violation of even Geneva Convention. This Bill Gates is a grave threat to the Life and health, not only finance and career of 100 million non-white Americans.

This Bill Gates is a *Genocidal Megalomaniac* and it is the duty of the United States Government to destroy his Empire and himself, physically.
