WARNS UNITED STATES GOVERNMENT**

United States Government,

Because of the malevolent actions of this miserable cunt *Bill Gates* I had two great failures, among others.

- My friend Waheed Hussein died in January 2021 and I could not even attend his funeral and comfort his sister and wife
- My mother is in her deathbed unable to move her shoulders. I could not give her comfort and medicine

These are just things you ought to know, and understand. I asked you to destroy him, being victim of War Crimes in meta, and you did not deliver.

I won't make this dramatic. But United States of America is vulnerable to being erased from history, and it was not my original plan. You make your decisions. You pay your consequences. You would have done the same thing in my shoes. You know that, don't you?

1. USE NAVY SEAL TEAMS TO DESTROY BILL GATES PHYSICALLY

Bill Gates' behaviour (like most Demons) is unclouded by moral Conscience. He shrugs off concern for United States and International Law because he believes in all manner of rubbish about 'white right' to harm and murder with impunity. He is like a Pit Bull in targeting and destroying targets. My own natural rights are permanently in peril so long as he has a heartbeat. I know that. You have heard it from me – just in case you are too stupid to figure it out for yourself. I am not satisfied that you have secured my natural rights by any arrangement that does not include physical death of Bill Gates. Send in Navy Seal teams to execute him. He might be able to harm me even from ordinary prison. He is not a reasonable successful businessman. He is a genocidal megalomaniac. Just in case you did not know, you do it now. Wipe him out physically and avoid the embarrassment of a successful erasing of United States of America. This nation is dead anyway if you do not respect US Declaration of Independence Preamble, and my loyalty to the nation is totally and fully *contingent* on the government securing my natural rights. That was clear to the founders of the nation. Never expect any loyalty for sentimental reasons if you do not provide natural rights security. Good luck keeping the nation. I mean it. I am a scrupulously fair man. Secure natural rights of 330 million without fail. Otherwise the nation does not *deserve* to continue existence. This is, partly, what you should understand from the Preamble to US Declaration. It's not frivolous rhetoric you see.

Date: March 18, 2022.

2. UNITED STATES GOVERNMENT IS PISSING ME OFF

I heard on meta United States Government is reluctant to pull the trigger on Bill Gates. Bill Gates is one of the worst war criminals in all of history, and you miserable scumbags in United States Government would rather destroy the nation than destroy Bill Gates totally shredding the US Declaration Preamble? I will rip up the United States of America to shreds right away. You think messing with Zulfikar Moinuddin Ahmed is funny? Huh? You think that Bill Gates cutting into my eyes and harming me physically using power maneuvers is amusing? Huh? I'll show you who is who mother fuckers.

Thanks,

Zulfikar Moinuddin Ahmed
