EXPLAINS TO UNITED STATES GOVERNMENT THE
PROBLEM IN YOUR THINKING**

I just attempted to explain to Ms. Jasmine Sackey that I have no trouble taking my medication, 3 mg Invega and some dose of Trazedone, every night as she had heard the psychiatrist prescribe but that this will not resolve the actual problem.

The actual problem is that it is a frivolous and absurd charge that I would, at 50, after having been shot at 11 and being averse to guns all my life, now begin to acquire all manner of fire-arms, trek to hicktown boondocks of Seattle 2100 miles away to threaten Bill Gates. The problem is that Bill Gates can harm me using illegitimate powers from long distance, US War Power, US Industrial power, European Black Magic (forbidden in the thirteenth century) while the FBI had frivolous charges against me.

I can hear Bill Gates day and night because he aggressively invaded my meta with all manner of chants of 'whites are superior' and sacrosanctness of his 'white conquest rights' and with great bluster about how he destroyed the interiors of his rivals forcing them to commit suicide.

I am 100% sure that the pioneer of personal computer operating systems, CP-M, Gary Kildall was killed by similar means by Bill Gates [1]. The alternative explanation, that he died of spontaneous brain hemorrhage is not as believable. I know just how murderous Bill Gates has been in assaulting me without reason. There is no doubt whatsoever that Gary Kildall was killed by Bill Gates.

1. ISSUES OF PSYCHIATRIC MEDICINE AND BILL GATES

Psychiatric medicines are one sort of thing; the major problem that I am having is Bill Gates' brutal assault by exercise of Power in my Deep Interior with extreme effort to harm my natural rights of Life, Liberty, and pursuit of Happiness with convictions about (a) how he is above the law because he is big, (b) how whites have a right to harm non-whites with impunity, (c) without regard for legitimacy of power by United States fundamental law. He does not believe in natural rights and has already made known his aims of genocide of non-whites in America and abroad.
