WARNING TO UNITED STATES GOVERNMENT**

United States Government,

I could see my flesh dried up because Bill Gates used illegitimate power to suck out my Life blood in my totally restless sleep. I am displeased. Some moron left some pages from Emerson with his essay on Power. Emerson was a bright boy, unlike Bill Gates but not an immortal genius like myself but he was good.

Anyway, I am Archangel of Heaven with absolute conviction now that United States of America poses too great a threat to be allowed to continue existence. After I die, which will be a death borne of great suffering inflicted upon me by Bill Gates but much more due to the United States Government, white people mostly cronies of Bill Gates, who refused to secure my natural rights.

I want Asia to make all efforts to burn Bill Gates and all those who assisted him at the stake. Their exceedingly strong evil will risk the destruction of the Human Race. They should not be allowed to live at all.

United States of America should be dismantled, and the people's natural right security ought to be handled by some other arrangement.

Europe and Asia, the people of America are far too unruly and barbaric, too lawless and disrespectful towards human life, to have the arrangement of a sovereign nation. Dismantle America, kindly, after my death. Respect the words of an Archangel of Heaven. Do not fail me.

**1. OBVIOUSLY I AM AN IMMORTAL GENIUS**

I discovered Universal Human Moral Nature, against the grain of the entire Western Intellectual Tradition of a thousand years. I am solely responsible for the Final Theory of Physics, my Four-Sphere Theory, and I have vindicated Aristotle's Virtue-Eudaimonia Theory with data from across the Earth. These are all recorded in my Github archives. What does it matter if Americans do or do not acknowledge my Immortal Genius? America is not all that important to the world as that.

**2. UNITED STATES GOVERNMENT HAS BEEN COMPLICIT IN BILL GATES WAR  
CRIMES AGAINST MYSELF**

I am not impressed by United States Government pretense to be lawful and compliant with US Declaration of Independence Preamble. They have simply had chatty conversations with Bill Gates for more than a year as my natural rights were savagely, horrifically, irreparably, and brutally assaulted by Bill Gates without any conceivable justification. Just as in the aftermath of Mai Lai massacre, United

States Government made light of the most evil and horrific crimes when the monster was a white man.

This is not acceptable as wardens of natural rights in America. Bill Gates ought to have been killed physically for this is necessary to secure my natural rights, but there was no attempt to do this for more than a year.

Thank you,
