

## **ZULF PROMISES THAT THE COST OF NOT DESTROYING BILL GATES WILL EXCEED \$10 TRILLION IN THE FUTURE**

ZULFIKAR MOINUDDIN AHMED

United States Government pretends that it is costless to not destroy Bill Gates totally and confiscate all his property and destroy him physically for his illegitimate use of power in my Personal Meta using US War Power, White Racial Power, US Industrial Power, destroying my Personal Ancestral Meta, destroying my Ethnic Meta, attempting to use Conquest Meta, Enslavement meta on me, and so on. All of this is known to India, China, and Asia, and I have personally asked China to keep me alive. In the long run, United States will pay much more than Bill Gates' net worth of \$131 billion and all that he controls, roughly \$1 trillion.

I will give an estimate of cost of above \$10 trillion for harbouring a white supremacist who arbitrarily harms Asian-Americans and I will personally litigate against the United States Government seeking penalty of more than \$1.5 trillion for harm that ought to be blamed on United States Government.

I had asked United States Government more than a year ago to destroy him physically and for whatever reason, United States Government has decided not to respond, and instead pretend that I am hallucinating, and for frivolous charges forced me to mental health incarceration from January 12-19 2022 and is chaperoning me to various psychiatric treatments. While I know 100% that there is no hallucination involved and senior United States Government officials know this as well.

I am Asian, and United States will be blamed for their refusal to secure my natural rights against the brutal savage destructive assaults on my person by Bill Gates who is a born criminal, a racial murderer, and who is a much worse man than Adolf Hitler or Saddam Hussein. United States Government will pay a great price for aiding, abetting, giving support and assisting this vile rotten criminal murderer who does not belong among the living at all.
