GIVES MY ARGUMENTS FOR MOVING TO STRIKE DOWN  
UNITED STATES OF AMERICA**

United States Government,

I am quite certain that the harm done to me by Bill Gates has crippled me permanently already and it is irreversible. It is harm to my physical body and not just my livelihood, where he had moved to obstruct \$620 million of my income and destroy my American Dream.

I had legitimate Permanent Residency for more than a quarter of a century.

United States of America was a good idea, and a great dream. I shared this dream all my life. The Preamble to the United States Declaration of Independence is part of my own heart, my own convictions. I believe that all men are created equal, that they are endowed *by their Creator* certain inalienable natural rights, and I believe that government are instituted among men to secure them.

But I am not impressed. I am not impressed that a totally hick racial charlatan with delusions of being a monarch in America was (a) deemed more valuable to America than myself, and (b) was assisted by the United States Government in committed the harm against my person, my life, and my property, when the government's purpose was, by the fundamental charter of the nation, to secure them.

I am a man of great Conscience. I do not believe that the United States of America can be allowed to continue to exist. The natural rights of 330 million Americans are clearly in jeopardy. There is a necessity to secure them.

There are many alternatives to United States of America to secure natural rights of America.

When a man who repeats fiction about white right to harm and kill non-whites is still not arrested and punished for war crimes against an American, we have to seek alternatives to the United States of America.

I will prepare to strike down the United States of America and move towards a Natural Rights World Order.

I do not see an alternative that is superior. I have a responsibility to my beloved people, the human race, eight billion souls. What choice do I have here?

You can ask for independent considers of United Nations Human Rights Council and Stanford University and others to determine whether it is true that (a) I am crippled for life (b) I am crippled for life specifically by harm done by Bill Gates exercise of Power, and (c) this was done with assistance of United States Government, the government did not do its Constitutionally mandated duty to prevent the harm while being completely aware of it.

#### 1. YOU MUST PHYSICALLY DESTROY BILL GATES

United States Government,

I am not interested in any peace here. You must destroy Bill Gates totally physically in order for me to recover from his war crimes. I am not interested in your forgiveness for Bill Gates for harming not *you and your loved ones* but myself. White people are always filled with kindness and forgiveness for white people who harm non-white people, as we all know from how the horrific evil mass murderers of Mai Lai were treated by white people of Washington. I am not interested in your forgiveness of Bill Gates for crimes against me. Either you will totally destroy Bill Gates physically so I can recover my life or I will eliminate the nation of the United States of America. Do you understand?

Thank you,

Zulfiyar Moinuddin Ahmed
