LET ME BE VERY CLEAR ABOUT MY DEMANDS**

ZULFIKAR MOINUDDIN AHMED

United States Government,

You better destroy Bill Gates really really fast if you want any remnant of United States of America survive. Harvard consider found *Death Meta* that he planted in my *Deep Interior*. This is not just against domestic and international *war crimes* law and extreme violation of my American natural rights, but he is a clear and present danger to 100 million non-white people in America and billions around the world. No nation that supports, aids and abets, gives safe harbour to a malevolent evil monster like Bill Gates ought to survive at all, including the United States of America.

You think my Permanent Residency is a joke? Do I make you laugh? Huh? You think this is funny?
