WARNS THE UNITED STATES GOVERNMENT**

ZULFIKAR MOINUDDIN AHMED

United States Government,

Bill Gates had violated both national and international human rights law by invading and mangling my personal meta including Deep Interior, and harming my legitimate income and American Dream. D. E. Shaw & Co. of New York are trading \$6 billion on my work on Medium Frequency Alpha Strategy. My legitimate earning is \$120 million that Bill Gates had obstructed. ECB and Madam Christine Lagarde were willing to gift me \$500 million that Bill Gates had also obstructed. Indeed, he had committed War Crimes against me and United Nations Human Rights Council considers had discovered this. His continued activity against me with a White Racial World Order agenda is intolerable.

There might be fatalities that result from his activity. My beloved brother, Tobias Ahmed, a.k.a. Feroze Alamgir Ahmed, is missing now and might commit suicide. The reason is that he is frustrated with not being autonomous with money, and he was relying on my income to regain his financial security.

You have been reminded for a year repeatedly that it is your Constitutional mandate to secure Natural Rights of Americans including mine.

The continuation of the reign of terror of this arch-criminal, this genocidal megalomaniac *Bill Gates* is intolerable, and I have asked Asia to begin preparations for war as there might be no other way of ensuring the safety of 4.5 billion Asians as United States Government continues to support, aid and abet, and harbour war criminals like Bill Gates.

Date: March 31, 2022.

If you wish to avoid war, then I suggest you ensure my legitimate earnings, my private property is able to come to myself and clean up all harm done to my personal and professional meta by Bill Gates. Further, totally destroy Bill Gates and his Evil Empire.

Thank you,
Zulfiyar Moinuddin Ahmed
